**Brief:** Clients brief was to provide an attractive restaurant cover for their seasonal trade.

**Purpose & Benefits:** The structures allow the restaurant to provide a sheltered yet al-fresco feel for their diners.

**Scope of works:** We installed the fabric roof canopy to the boat as well as a fabric ceiling to the landside part of the restaurant. This includes fabric and associated rigging.

**Project Success:** The project was one of our first tensiles and was a great success.

**Feedback:** It has increased the restaurants popularity and turnover and they are very pleased with it.

**Credits:** John Dalton was Project Manager on this project.
